Local Support Group

Local ACTION PLAN

Implementation

# The peer review concept

Not just sitting back and listening but **WORK AND THINK HARD**

- Let ‘outsiders’ reflect on the host city’s practices, and develop new ideas
- Make it realistic: mix outsiders with local people
- Structured discussions led by moderators

**NEW!!** use of creative platform method in session 2

# Key questions

- **How can the scientific community in Varna help to revitalise the local economy?**
  - How can students and researchers be empowered to start businesses
  - How to address the mismatch between higher education and the local labour market
  - How to establish more collaboration between universities and companies/city government/institutions

# Programme:

- A.** Learning about Varna's universities, the city, current trends, developments and debates
- B.** Work in groups
  - Observations. What do we see?
  - Develop ideas & recommendations
  - Elaborate the best ideas on posters
- C.** Presentation of findings

Exchange of experience

# Important:

- Feel free to speak up!
- Don't be scared for not speaking perfect English (nobody does)
- Learn from each other
- Think creatively and don't forget to have fun
